December 20, 2017 – January 16, 2018 Coyote Reporting Summary

Summary:

Just one report this month. It appears winter continues.

1/3/2018	11971 Silver Fox Rd	10:21 PM	A large coyote ran down silver fox towards Bostonian at 10:21 pm
----------	---------------------	----------	--

Recall that coyotes are simple. They seek food, shelter, and water. There is no real way for Rossmoor to eliminate “water” from the list. Shelter for the most part is not available in Rossmoor. So, it comes down to food sources. As long as there are convenient food sources in Rossmoor and the coyotes can get into Rossmoor, they will be here. There’s not an effective way to keep them out beyond the coyote gates that are very effective, but not a complete solution. Coyotes enter Rossmoor via streets and storm drain channels, primarily from the east.
